

The Community Safety Network is changing.

As of April 1st, we will be coming to an area near you so you can tell us your local priorities. **We are not another Local Action Partnership.** Our meetings are open to anyone interested in community safety issues, and are run **BY the voluntary & community sector FOR the voluntary & community sector.** Maybe you find formal meetings intimidating or feel frustrated?

Your feedback will go straight to the Managers of the Local Tasking Meetings and Partnership Business Groups **with a guaranteed response** to say how they're acting on your behalf. Essentially, we're an easy way to fast-track issues.

Heard it all before? Maybe you're right to be cynical. If you've had the door shut in your face several times, you're probably tempted to stop trying. But if you do that- you've given up- the choice is yours.

Please come along to our first meeting in the North on:

Monday 14th April 2008

12pm-2pm (lunch included)

North City Library
Rochdale Road
Harpurhey
Manchester
M9 4AF
